Hi Drew,

Thanks for writing. I appreciate the update and putting a pause on eliminating positions that directly impact the archive security. If that changes, please let me know.

I hope you have a good weekend.

Hi

I just wanted to get back to you after we spoke last week. I spoke with Michael about our Friday discussion. I suggested and Michael agreed that for now, we will hold off on any actions on the remaining two staff in the research team until clarity on the go-forward strategy is reached. I informed Betsy that for now she will not have to cover this portion of the cost reduction in the upcoming restructuring this week. Instead we will clarify the archive future and then find the deferred savings either as part of that discussion or in other parts of TI and FLMW.

Today, I also read through the other email trail from your original note to the group on the archive. It looks like we should gather sometime next week to discuss more but I think we are getting to the right questions to ask ourselves to clarify the future role of the archive.

Hope you had a good weekend! Call me if you have any questions.

Great, we can do Wednesday at 3, at your office.

We want to explain how we've assessed our priorities in the course of the budget process, and made some restructuring decisions.

See you soon.

Yes, of course. I can do Thursday (or Wed) at 3pm. Do either work? I have a hard out both days at 4:30. It would be great to meet downtown at my studio because I have a 5pm meetings on both days.

If that works, here's my address:

Can you give me any insight about what the meeting is about?

HI Laura - Hope all is well with you. Jeremy and I would like if possible to sit down with you later this week to talk with you, in confidence, about some changes that are coming up here.

Would Thursday afternoon work for you? Or if not, how is Wednesday late afternoon?

We can meet wherever you like.

Look forward to seeing you.

Betsy
